

CB 3

A car wash really can be both flexible and fast. A car wash really can be both fast and economical. And a car wash really can be both economical and versatile. The CB 3 unites these three qualities into one gantry car wash which can meet all requirements.

1 Water saving mode

- The CB 3 needs 20 litres of fresh water per run.
- Cost reduction for the operator.

2 Built-in high pressure pump

- The powerful high-pressure unit (1300 l/h 70 bar) is mounted on the system.
- Space-saving, since no additional technical room is necessary.

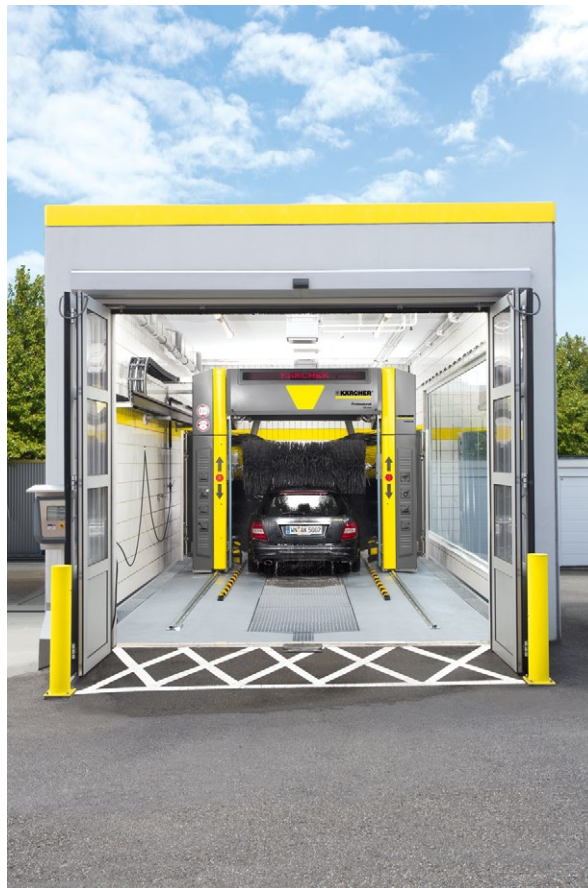

3 Express wash for higher vehicle throughput

- A high vehicle throughput is possible thanks to the quick wash program.
- Very low or no waiting times increase customer satisfaction.

4 Opti Drop Stop

- The „Opti Drop Stop“ innovation prevents water from dripping onto the vehicle after the wash is complete.
- Guarantees a perfect drying result.
